10TH ARMORED ASSOCIATION EVENT CANCELLED

The National Park Service has refused a request by the 10th Armored Division Association to have the Maryland Wing Band provide music support for the Association's last public event, at the World War Two Memorial [National Capital Mall] on September 4. The 10th Armored Division Association represents veterans of the famous "Tiger Division" that held Bastogne against German forces during the Battle of the Bulge. This year's memorial service at the World War Two Memorial is to be the last meeting of the Association. The Association requested the Maryland Wing Band to provide ceremonial music for this event. But a National Park Service official told the Association that Park Service regulations forbids any music at the WWII Memorial during certain times of the day [including the time requested]. NPS refused to grant the vets an exception for this event. Jerome Bluestine of the 10th Armored Division Association expressed thanks, on behalf of all the Tigers, to the Maryland Wing Band for its willingness to support their activity. Maryland Wing Music Director Major George Carroll said: "thanks to all who were willing to come out for this event. Honoring America's veterans is an important part of what we do in Civil Air Patrol Music."

WELCOME NEW MEMBERS

September 10th marks the third anniversary of the chartering of Chesapeake Bay Squadron 096 -- the only unit in Civil Air Patrol with the mission of providing music support to CAP. The formation of this unit is an important step to our final goal -- the formal establishment of music within Civil Air Patrol. We welcome our two newest members, Senior Member Tony Aragon and Senior Member Jong-Ho Park. Thanks for joining.

BEST WISHES CAPTAIN LIPPERT!

As he goes to a well-deserved retirement, Maryland Wing Band salutes Captain Frederick Lippert USN, Director of the National Naval Medical Center Band, for his gracious help and support of Civil Air Patrol music.
